

EMB145 - EMB135

AIRCRAFT
MAINTENANCE MANUAL

ADHESIVES AND SEALANTS - MAINTENANCE PRACTICES

EFFECTIVITY: ALL

1. General

- A. This subchapter gives a list of the approved products that you can use on and service the aircraft, with their most usual suppliers.
- B. The correct procedure that uses these products must be referred to in the given chapters.
- C. Products with the same specification, MIL-, FED. SPEC, but from different manufacturers must not be mixed.
- D. Possible alternative products are listed in the same group of chapters that give the indicated product.
- E. Products listed on the QPL (Qualified Products List) for MIL Specifications, referred to in this subchapter, are automatically approved to be used on the aircraft.
- F. The supplier/manufacturer addresses are listed in [AMM MPP 20-30-00/200](#).

ADHESIVES AND SEALANTS - MAINTENANCE PRACTICES
EFFECTIVITY: ALL
2. List of the Products Approved to be Used on the Aircraft

A. This table gives the approved adhesives and sealants that you can use on the aircraft.
