G. Persons Recommended

QTY	FUNCTION	PLACE
1	Does the task	On the wardrobe shelf

H. Inspect (General Visual) First-Aid Kit and Medical Kit for Condition and Validation

SUBTASK 212-005-B

- (1) Remove the first-aid kit and medical kit from the LH wardrobe, RH wardrobe, outboard galley, forward galley or aft galley, as applicable ([Figure 601](#)).

- (2) For aircraft equipped with 16 seats, remove the first-aid kit and medical kit from the LH forward stowage ([Figure 602](#)).

- (3) Do the inspection of the first-aid kit as follows:

- (a) Inspect the first-aid kit for violation and expiration date of the packaging of all the items of the kit.

NOTE: The items with the packaging violated must be replaced.

- (4) Do the inspection of the medical kit as follows:

- (a) Examine the medical kit to make sure that its permitted life is not expired and that the tell-tale wire is not broken.

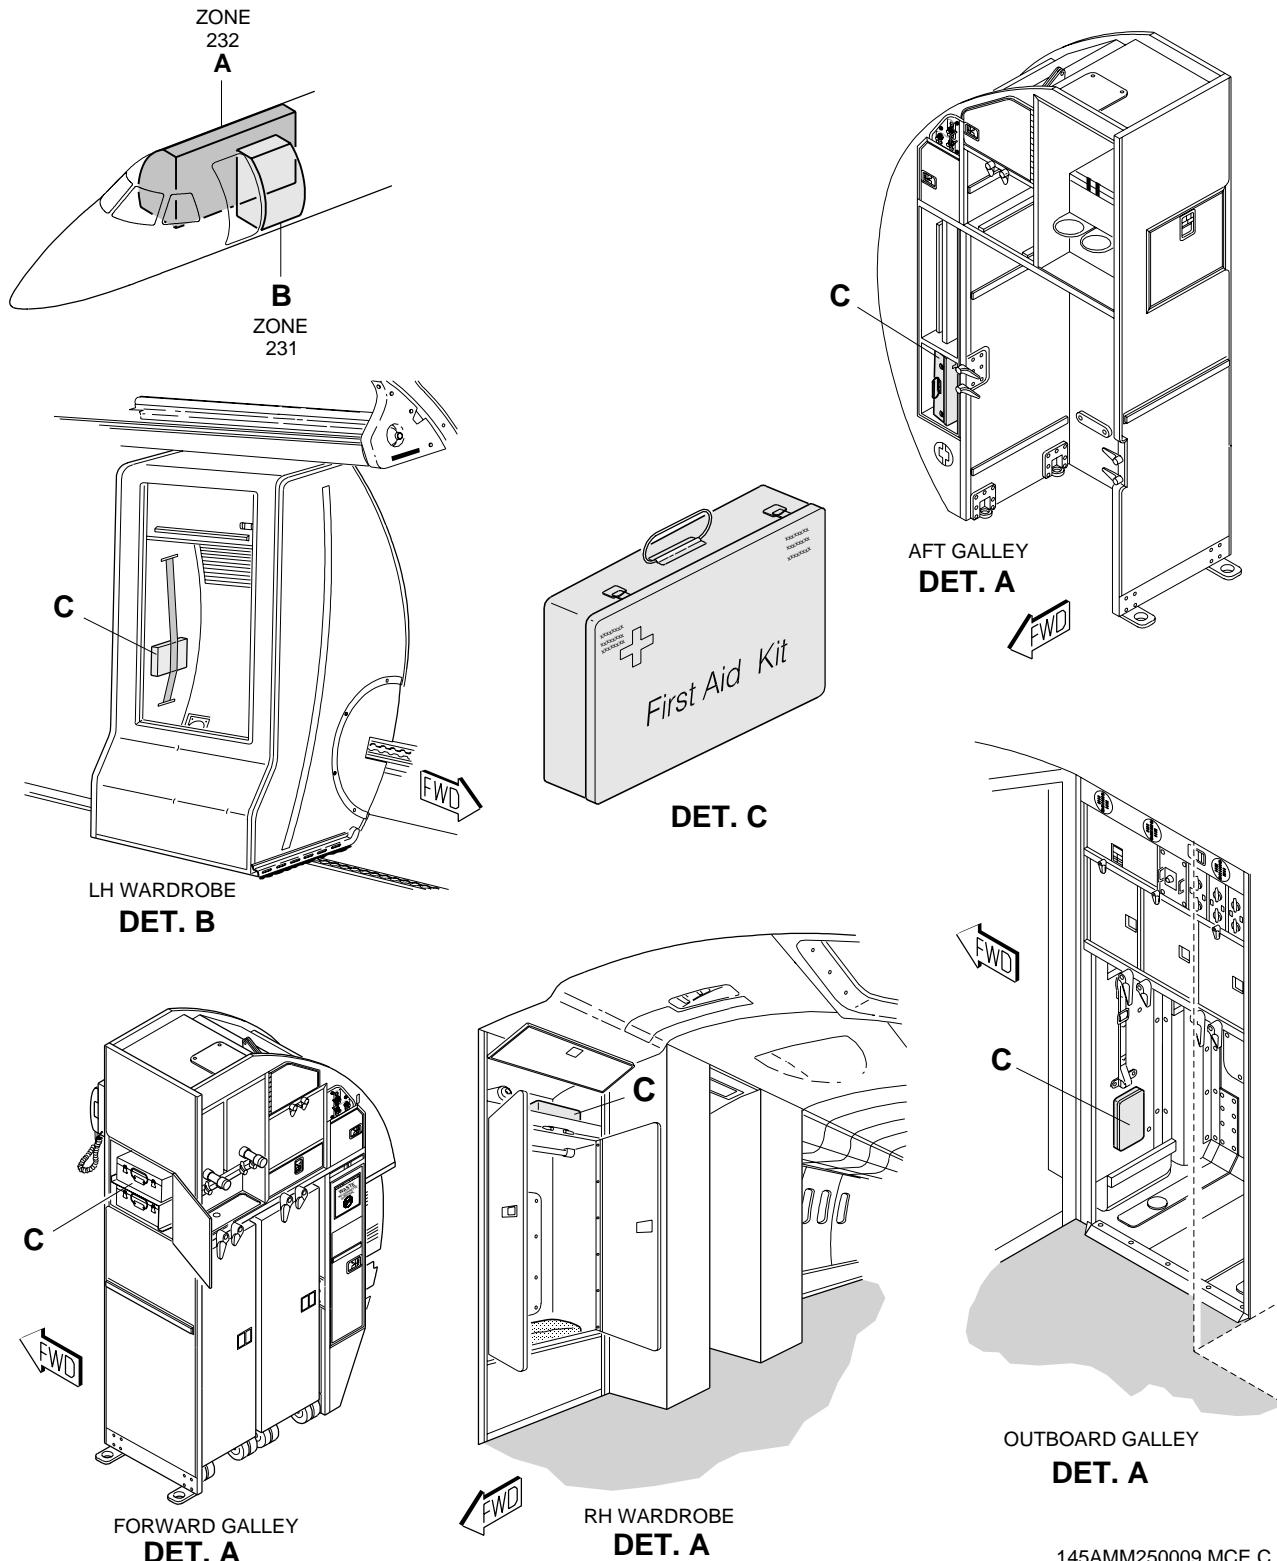

NOTE: If the permitted life is expired or the tell-tale wire is broken, make sure that you can find all items in the kit and examine the date which shows the permitted life of each of them. Include or replace items, as applicable.

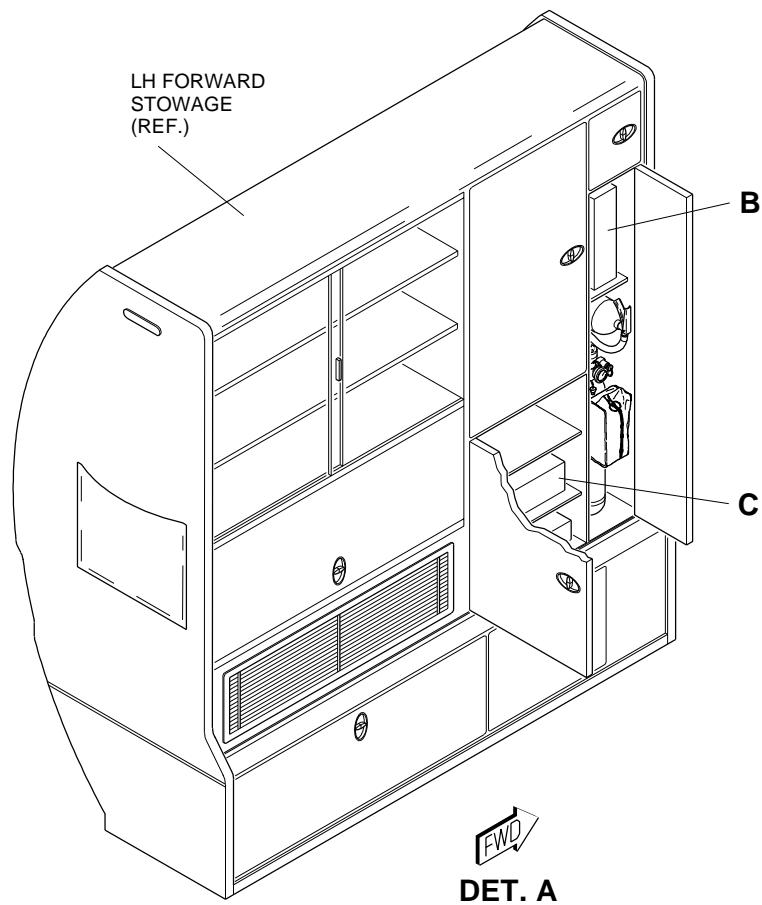

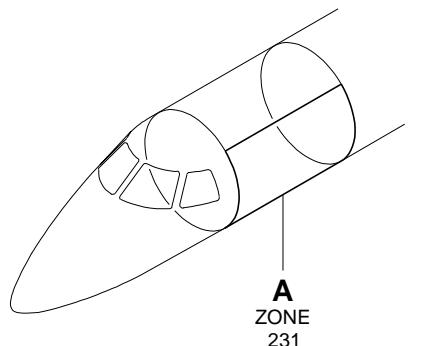

## AIRCRAFT MAINTENANCE MANUAL

- (5) Put the first-aid kit and medical kit back on the LH wardrobe, RH wardrobe, outboard galley, forward galley or aft galley, as applicable ([Figure 601](#)).
- (6) For aircraft equipped with 16 seats, put the first-aid kit and medical kit back on the LH forward stowage ([Figure 602](#)).
